

[EngagingtheContemporary2016: Philosophy, Literature and Education: Phenomenology and Speculative Realism](#)

Announcement published by Claude Mangion on Thursday, January 28, 2016

Type:

Call for Papers

Date:

November 17, 2016

Location:

Malta

Subject Fields:

Philosophy, Sociology, Literature

Engaging the Contemporary is an annual seminar that encourages participation from postgraduates and academics from different departments and backgrounds. The focus of this year's seminar will be Phenomenology and Speculative Realism. The seminar presents an opportunity to challenge and be challenged by work done in these fields, and to support work that draws upon their ideas.
