Join Wiki Education on January 10 at 9 AM Pacific for an info session on how you and your students can help make Wikipedia a more equitable and inclusive space. Click [here](#) to register.

The deadline to run a Wikipedia assignment in Winter/Spring 2023 is approaching. Sign up to run your free Wikipedia project by Jan. 16 and do your part to ensure that accurate knowledge is available to all! Visit teach.wikiedu.org to sign up and find out more about the program.

There are never any fees to run a Wikipedia assignment, and Wiki Education provides robust support to ensure that you and your students learn the ins and outs of Wikipedia editing. Only faculty teaching courses at post-secondary institutions in the U.S. or Canada are eligible.

Wikipedia is by definition never complete, but you and your students can ensure that it's up-to-date, accurate, and above all, representative of the full scope of human experience!
