

[Call for Bloggers - Eugenics & Current Events Edition](#)

Discussion published by Caitlin Fendley on Friday, January 27, 2023

Hi everyone,

Happy New Year!

In 2020, *H-Eugenics* launched a blog series which invited scholars of eugenics to contribute blog posts about research and teaching related to eugenics. We had several fantastic series of blogs published throughout the end of that year and into 2021. Past blog posts can be found [here](#).

We are hoping to start up the blog series once again, and invite scholars to contribute blog posts to the theme “Eugenics and Current Events,” defined broadly. While we welcome contributions on any current event or issue, we are particularly interested in blogs which discuss ties between eugenics and recent global threats on reproductive rights and autonomy.

If you are interested in contributing a blog post, please e-mail me or one of the other editors at editorial-eugenics@mail.h-net.org. Instructions for bloggers can be found [here](#).

Best,

Caitlin
