

[New Editor: Introduction](#)

Discussion published by Beatriz Madaleno Alves on Thursday, February 2, 2023

Dear all,

I am happy to announce that I am one of the new elements of the H-Africa Editors' team. I have a Bachelor's and Research Master's degree in African Studies from the University of Lisbon and Leiden University, respectively. My academic interests cover museum studies, material culture analysis, and art history/theory. I am currently an independent researcher looking to develop new research skills before embarking on another (future) journey: a PhD. I am excited to be working alongside so many insightful and motivated scholars and I hope to contribute to the H-Net community's significant and positive development.

Kind regards,

Beatriz Madaleno Alves
