

RE: Email Digest Problems

Discussion published by Jesse Draper - Associate Director, Networks on Tuesday, May 24, 2016

Greetings H-Net Subscribers,

We have received a few emails to the Help Desk about problems with daily digest emails, specifically, that there are individual posts that are being left out of the digest. We are working to resolve the issue and will post a follow-up announcement once we have taken care of it.

Thanks for your patience.

Jesse Draper
