

## [Links and Resources](#)

Dear colleagues,

Just a brief invitation to take a stroll by the "links and resources" page of prchistory.org (<http://prchistory.org/links-and-resources/>), if you've got a moment, and share your thoughts concerning essential online resources that we've not yet included. I hope to keep that section of the site a regularly updated feature, and so would be most grateful for your suggestions now or in the future.

All best,

Matt
