

[How to post to H-Podcast](#)

Page published by Yelena Kalinsky on Friday, June 3, 2016

Welcome to the H-Podcast network! We are a network for podcast producers, academic podcasters, media scholars, listeners, and students.

All discussions on H-Net are moderated by each network's editors. Anyone can read and use the network's resources, but users must be logged into the H-Net Commons and subscribed to H-Podcast to post or reply. And we want this to be a useful place, so let us know what you think at editorial-podcast@mail.h-net.msu.edu.

To join a discussion on H-Podcast, [create an H-Net account](#) and subscribe to the [H-Podcast network](#). Then log in, navigate to H-Podcast, and click the orange Start a Discussion button.

When **replying to an email notification** for the first time, you will be asked to log into the Commons in your browser. If your browser allows, the next time you visit the Commons, you will already be logged in and ready to go.

To submit a link to the [Academic Podcast Roundup](#), select the Links tab at the top of the H-Podcast homepage and click the orange Add a Link button.

To upload an image, audio clip, or other resource, click on the orange Upload a Resource button (at the bottom of the right-hand menu).

As your contributions are moderated by the editors, you will receive an email update that your item was posted.

Learn more about posting in the [Quick Start Guide](#) and at the [Help Desk](#).
