

## [Buffalo Bill Center of the West Internships Available](#)

Announcement published by Jeremy Johnston on Tuesday, February 6, 2018

Type:

Summer Program

Date:

March 1, 2018

Location:

Wyoming, United States

Subject Fields:

Digital Humanities, History Education, Library and Information Science, Public History

The Buffalo Bill Center of the West in Cody, Wyoming, is offering a number of internship opportunities for the summer of 2018. Options in many areas including conservation, education, public relations, registration, art, archives, and more. Application deadline is March 1, 2018. Click on the following link for more information: <https://centerofthewest.org/learn/internships/>

The Center's summer internship program provides opportunities for students who want to gain practical museum experience, and to assist students in the development of new or expanded applications for their academic and professional interests. The internship program offers students hands-on involvement with the museum profession in a manner that cannot be duplicated in the classroom or through textbooks. These experiences may result in graduate theses and dissertations, and assist students in defining their career goals. Interns become aware of the professional practices and ethics of a workplace environment.
