

[Gaokao scores post-CR](#)

Discussion published by Fabio Lanza on Wednesday, June 21, 2017

A colleague (not a China scholar) asked me a question for which I had no answer, so I am passing it on to the H-PRC hive-mind.

He is looking for data on the gaokao scores of students admitted to universities in the post-Mao era (1977 to early 1980s). He has read (or I suggested he should read) the obvious studies in English (Unger, Pepper, etc.) but please, send along suggestions!

Many thanks!
