

[16th International Conference on Information Technology: New Generations](#)

Announcement published by Doina Bein on Tuesday, September 4, 2018

Type:

Conference

Date:

April 1, 2019 to April 3, 2019

Location:

Nevada, United States

Subject Fields:

Educational Technology, Health and Health Care, Library and Information Science

The International Conference on Information Technology - New Generations (ITNG) is an annual event focusing on state of the art technologies pertaining to digital information and communications. The applications of advanced information technology to such domains as astronomy, biology, education, geosciences, security and health care are among topics of relevance to ITNG. Visionary ideas, theoretical and experimental results, as well as prototypes, designs, and tools that help the information readily flow to the user are of special interest. Machine Learning, Robotics, High Performance Computing, and Innovative Methods of Computing are examples of related topics. The conference features keynote speakers, the best student award, poster award, service award, a technical open panel, and workshops/exhibits from industry, government and academia.
