Description:

This is the eighth of nine parts of the H-Energy 1973 Energy Crisis Anniversary Discussion. Dr. Türk examines the founding of the International Energy Agency (IEA) in 1974. Utilizing newly declassified archival material from the OECD and West German government, Dr. Türk provides an account of the discussions and negotiations, which took place in the wake of the 1973 energy crisis, and led to the collective consumer organization the IEA. First published on H-Energy in February 2014.
