Travel Grants

The TSA particularly welcomes proposals from new members and junior scholars. Travel grants are available to support early career scholars presenting a paper at the conference.

As a result of funding from the Halle Foundation, the TSA is able this year to offer a number of additional travel grants to support early career scholars presenting a paper on any aspect of relations between the United States and Germany.

If wishing to apply for a travel grant, applicants should indicate this in the body of the email when submitting their paper or panel. If papers are believed to qualify for Halle Foundation funding, this should be indicated. In addition to the materials requested above, travel grant applicants should include a brief statement explaining why it is important for them to attend the TSA conference, and an outline of the principal costs entailed. For further details about TSA travel grants, see the TSA website: www.transatlanticstudies.com.

All paper and panel proposals, and travel grant applications, should be sent to the conference email: tsalancaster2019@gmail.com.
