Correction: Raze Application Report - February 27, 2019

Discussion published by Bruce Yarnall on Tuesday, March 5, 2019

In the raze report we issued yesterday, we mistakenly identified the structure at **3734 Oliver Street NW** as a “one story brick commercial building with canopy”.

Instead, the owner proposes to demolish the “3-story frame single-family detached dwelling and accessory building/garage”.

The corrected report is posted on our website at: <https://planning.dc.gov/publication/raze-permit-application-notice>
