*Rita Sanders*  

Resistance or Thuggery? Political Narratives of Urban Riots (pp. 88-111)  
*Frank Gadinger, Christopher Smith Ochoa and Taylan Yildiz*  

Narrative Culture claims narration as a broad and pervasive human practice, warranting a holistic perspective to grasp its place comparatively across time and space. Inviting contributions that document, discuss, and theorize narrative culture, the journal seeks to offer a platform that integrates approaches spread across numerous disciplines. The field of narrative culture thus outlined is defined by a large variety of forms of popular narratives, including not only oral and written texts, but also narratives in images, three-dimensional art, customs, rituals, drama, dance, music, and so forth. Narrative Culture is available in print and online from Wayne State University Press.
