I am PhD student in Canada working on a dissertation about the history of the Jamaica Constabulary Force. I've been diagnosed with a serious illness and have been told that I cannot travel by plane- so I can't access archives in the U.K. or in Jamaica. I've come across some scattered material, but I haven't been able to find any comprehensive collections in University archives about colonial Jamaica. Does anyone know of any relevant archives or institutional collections that I can access in Canada or the North-East U.S?
