CALL FOR PAPERS

The first **Healthcare Communications in the Middle East** conference is taking place at Weill Cornell Medicine - Qatar, in **Doha, Qatar, on March 27-28, 2020.**

Qualitative and quantitative research papers, case studies, country reports, full sessions, thought papers, and theoretical discussions are requested on the following topics:

Breaking bad news to patients

Language issues or cultural differences in the workplace

Talking about sensitive health and moral issues with patients

Getting the right information from the patient (history taking)

Talking to specific groups: elderly, children, people with disabilities, etc.

Electronic medical record problems and electronic communications

Referrals to other facilities or specialists

Patient understanding of their illness (health literacy)

Communication with colleagues

Communication with managers/supervisors

Provider-patient relations

Organizational/institutional communication

Keeping up to date and access to medical news and latest research

Communicating public health issues

Team-based communication

Social media use in healthcare

Submissions (20 minute oral presentations, posters, complete panels of 3 papers) will be accepted until **December 15, 2019.**

The conference language is English

Laptop and projector will be available for presentation

All abstracts will be blind peer reviewed and published in the program
Full details on poster preparation will be posted shortly

CONFERENCE DETAILS

The conference will be valuable for clinicians, nurses, patient advocates, counsellors, healthcare administrators, medical educators, policy makers, allied health professionals, translators, and language specialists in the Middle East region, or international participants interested in delivering culturally sensitive care and forging international collaborations.

This event is supported by Weill Cornell Medicine - Qatar and the Qatar Tourism Authority and endorsed by the International Association for Communication in Healthcare (EACH).
