

[Research Query: Jonas Kreppel](#)

I'd like to connect with people working on or studying the writings of Jonas Kreppel (1874-1940). I recently came upon his writings in the archives of the Arnold Schoenberg Center (Vienna). Schoenberg had a copy of *Juden und Judentum von Heute* (1925). I've come across other writings subsequently, and am keen to assess where this material fits in with the scholarship of Viennese-Jewry.
