

[PAC-12 Interdisciplinarity Study](#)

Discussion published by Jennifer Stern on Monday, December 2, 2019

Colleagues,

I am working on a survey of Interdisciplinarity in American Indian/Native Studies Gen Ed courses at PAC-12 universities for a dissertation. This work seeks to examine the role of Interdisciplinarity to our field decades after its beginnings. In generating data for this project, I am asking that instructors (professors, adjuncts, and teaching assistants alike) at PAC-12 universities teaching introductory Gen Ed AI/NS courses take a roughly ten minute online survey.

If you would like to participate, please follow this link: https://uarizona.co1.qualtrics.com/jfe/form/SV_9yRnqs6rXSFHTCd

Should you like the results of this work, feel free to add your contact information on the last page of the survey.

Many Thanks.
