The Korean Collections Consortium of North America (KCCNA) is pleased to announce next year's Research Travel Grants as follows. Please help distribute widely to anyone who may be interested.

### **Announcement of the KCCNA Research Travel Grants**

The Korean Collections Consortium of North America ([KCCNA](#)) is pleased to announce the KCCNA Research Travel Grants to assist Korean Studies students and scholars worldwide in their use of specialized library resources at the thirteen KCCNA member universities. Funded by generous grants from the Korea Foundation for three years from 2018-2020, this research travel grant program is open to anyone in the world except for those in Korea who already have access to extensive Korean resources. See the list of members and their specialized collections at [goo.gl/pfqGeH](http://goo.gl/pfqGeH). The proposal deadline for the current cycle is January 31, 2020.

### **1. Description and Purpose**

The Korean Collections Consortium of North America (KCCNA) was created in 1992 with generous grants from the Korea Foundation. Its members cooperatively develop and share specialized Korean Studies scholarly resources and provide library services to a wider audience beyond their own academic communities. Current membership consists of the thirteen largest Korean Studies academic libraries in the US and Canada. The KCCNA Research Travel Grants program was created to assist scholars who need to travel a long distance in order to access the resources and services of KCCNA member libraries.

### **2. Eligibility**

This program is open to anyone in the world except for those in Korea who already have access to extensive Korean resources.

### **3. Selection Criteria**

While we will consider all applications based on the strengths of the research proposal and the target library's overall ability to support the research, applications that address the following criteria will receive preferential review:
