"In 2019, KU continued to expand its [KU Select](#) offerings in the Humanities and Social Sciences (HSS) as well as in Science, Technology, Engineering, and Mathematics (STEM). It also introduced new partnerships and business models with some of the world's most renowned academic publishers. As a result, KU will be able to unlatch 274 books from its KU Select 2019 HSS collection, 38 books from its KU Select STEM collection, and about 98 books from its various partner offerings... "
