

[Possible Podcasts for Review](#)

Discussion published by Robert Cassanello (he/him/his) on Thursday, June 25, 2020

Greetings all, I am trying to compile a list of possible podcast series we could review on H-Podcast. We have a draft of review guidelines we'll share soon. But in the meantime share with me podcasts you think should get reviewed. The reviews will be part of the [H-Reviews](#) program at H-Net.

Let us know any podcasts that would merit a review or let us know what you think might be a criteria we should consider when selecting podcasts to review.

You may be interested in reviewing a podcast for us, please email [me](#). Keep in mind you cannot volunteer to review a specific podcast series you have to be assigned one from the Review Editor.

I can't wait to hear your thoughts.

Robert
