

[Second Call for Papers - Sites of Feminist Memory: Remembering Women's Suffrage in Europe and the USA](#)

Discussion published by Marc Calvini-Lefebvre on Monday, November 30, 2020

Dear colleagues,

The conference on "Sites of Feminist Memory: Remembering Women's Suffrage in Europe and the USA" which had to be postponed due to the global pandemic will take place **on-line** in 2021 in a new "slow" format. We're hoping this new format attracts new participants and are therefore launching a second call for papers, which can be found here: <https://wfw.hypotheses.org/341>

Please share this information widely with anyone you think may be interested.

With best wishes,

Marc Calvini-Lefebvre and Claire Sorin (Aix-Marseille Université, France)
