Dear all,

We, International House of Japan, are delighted to announce the second session of our new webinar series “Leaders Shaping the Future of the Indo-Pacific.”

Lin Kobayashi of UWC ISAK Japan and Kathy Matsui of Asian University for Women—both of whom are deeply committed to cultivating the next generation of leaders—will discuss education in the Covid era. We are delighted to be joined also by Malala Yousafzai, education activist from Pakistan and the youngest Nobel Prize laureate, who will be delivering a keynote speech at this session.
