Journal of Science & Popular Culture 3.2 is out now

Discussion published by Tessa Mathieson on Tuesday, February 2, 2021

Intellect is pleased to announce that *Journal of Science & Popular Culture* 3.2 is out now!

For more information about the issue and journal, click here >> [https://www.intellectbooks.com/journal-of-science-popular-culture](https://www.intellectbooks.com/journal-of-science-popular-culture)

Aims & Scopes

Science permeates contemporary culture at multiple levels, from the technology in our daily lives to our dreams of other worlds in fiction. The Journal of Science & Popular Culture is a peer-reviewed academic publication that seeks to explore the complex and evolving connections between science and global society. It strongly reinforces interdisciplinary and multidisciplinary research, opening up new possibilities for inquiry across and between the humanities and sciences.

Issue 3.2

Editorial

*Could vaccine hesitancy prolong the pandemic?*

STEVEN GIL

Articles

*Galaksija: Representation of science in Yugoslavia’s socialist-era popular science magazine*

MIĆO TATALOVIĆ

Licensed under a Creative Commons Attribution-Noncommercial-No Derivative Works 3.0 United States License.
Didactic and artistic representations of prehistoric hominins: Who were we? Who are we now?
