Founded in 2000, the **Diversity in Organizations, Communities & Nations Research Network** is brought together by a shared interest in human differences and diversity, and their varied manifestations in organizations, communities, and nations. We aim to traverse a broad terrain, sometimes technically and other times socially oriented, sometimes theoretical and other times practical in their perspective, and sometimes reflecting dispassionate analysis while at other times suggesting interested strategies for action. Our aim is to build an epistemic community where we can make linkages across disciplinary, geographic, and cultural boundaries

We invite proposals for paper presentations, workshops/interactive sessions, posters/exhibits, or colloquia addressing one of the following themes:

- Theme 1: Identity & Belonging
- Theme 2: Education & Learning in Worlds of Differences
- Theme 3: Organizational Diversity
- Theme 4: Community Diversity & Governance
