Dear H-Netters,

We at H-Eugenics are in the early stages of planning a Twitter conference, and are seeking feedback from potential participants. The conference itself will showcase histories of eugenics and allow participants to highlight their research in a less a formal manner than a traditional conference setting.

We have created a short survey in order to gauge the interest of participants.

If you'd like to take part in our conference, please complete the survey - a link can be found here: <https://www.surveymonkey.com/r/ZYBV6DM>. It should only take a minute or two to complete!

Please feel free to share the link if you know anyone who may be interested. We're hoping to reach a wide audience in order to gather enough interest to make the conference worthwhile, so any help would be much appreciated!

Kind Regards,

H-Eugenics Editorial Team
