CALL FOR PARTICIPATION

Association of Internet Researchers Satellite Event 2021

University of Hyderabad & IIIT Hyderabad call for Expressions of Interest

Option 1

We invite young scholars working from and/or on the Indian subcontinent to submit Expressions of Interest based on

work in progress or recently completed projects related to the following themes: 1) socio-politics of digital design, 2) platform work, 3) online teaching/learning, 4) home/office non-boundary, 5) leisure practices and 6) relational dynamics during the year of living on and in the screen, in India — keeping in mind the time frame of the pandemic (March 2020 – present).

Selected proposals will be invited to be part of the Satellite Event of the Association of Internet Researchers Annual Conference (AoIR 2021), which will take the form of a Round Table Discussion.

Early career researchers will have the opportunity to present their work, with senior scholars in the disciplines serving as discussants, while also engaging in discussion with other Internet researchers.

Proposals must take the form of extended abstracts (1000 words max, all inclusive) clearly outlining the: 1) background, 2) research questions, and 3) key arguments, and, in the case of completed papers, a brief discussion of 4) methods and analysis.

Last date of submission: September 10, 2021

Decisions will be communicated by September 15

Option 2

We invite interested participants to submit short original videos (up to one minute), memes, sound clips/audio notes (30 seconds or less) that capture or offer a comment on work/leisure/relationship/life during the pandemic. These will be put together in a montage to be shared during the event.

Last date of submission: September 25, 2021

Key dates:

10th September 2021: Submission of extended abstract/proposal

25th September 2021: Submission of short original content

1st October 2021: Registration to attend
