

[4 Lichtenberg-Kolleg Early Career Fellowships](#)

Announcement published by Dominik Hänniger on Monday, November 9, 2015

Type:

Fellowship

Date:

January 7, 2016

Location:

Germany

Subject Fields:

Humanities, Intellectual History, Languages, Philosophy, Political Science

The Lichtenberg-Kolleg, the Göttingen Institute for Advanced Study in the Humanities and Social Sciences, invites applications for up to

4 Early Career Fellowships

Opening its doors in 1737 Göttingen quickly established itself as one of Europe's leading Enlightenment universities. Named after one of the most important and versatile representatives of the Göttingen Enlightenment, the Lichtenberg-Kolleg is an interdisciplinary research institute with a strong focus not only on the Enlightenment(s), but also on "bridges" between the human and natural sciences and the history of political thought.

For the period **March 2016 to July 2017** we are inviting early career scholars to join one of the research teams for the study of either:

- Globalising the Enlightenment: Knowledge, Culture, Travel, Exchange and Collections (1 Fellowship),

- European Intellectual History/ History of Political Thought (2 Fellowships), or:

- Primate Cognition: Historical, Philosophical and Linguistic Approaches (1 Fellowship)

The University of Göttingen is an equal opportunities employer and places particular emphasis on fostering career opportunities for women. Qualified women are therefore strongly encouraged to apply as they are underrepresented in this field. Disabled persons with equivalent aptitude will be favoured.

All Fellowships are open to candidates who have received a doctorate within the last 6 years.

The deadline for applications is 7 January 2016.
