IFE INSTITUTE OF ADVANCED STUDIES

ANNUAL SUMMER INSTITUTE 2022

Ife Institute of Advanced Studies invites applications from doctoral and postdoctoral scholars from any part of the world to attend the sixth Institute. The summer institute, hosted annually on the campus of Obafemi Awolowo University, Ile-Ife, Nigeria, will this year be in a hybrid format (both in-person and virtual). The goal of the Institute is to facilitate and foster innovative research among young scholars in the academy, particularly those in the humanities and social sciences, by exposing them to relevant theories, discourses, methods and pedagogies.

Ife Summer Institute has an international faculty and engages a wide range of themes and issues designed to stimulate and deepen the understanding of research, teaching and service missions in the academy.

The 2022 summer institute will focus on the challenges of doing research, creative epistemology and new forms of teaching in the light of the new normal, which necessitates adjusting to the constraints of the pandemic.
